

Mubaraq Segunmaru

I Completed Level 10

I'm a Lexia Superstar

Advanced Word Chains

I can...change sounds in words to make new words, like /b/ + lock = block.

Multi-Syllable Words

I can...put syllables together to make words, like bas + ket = basket.

Simple Suffixes

I can...recognize suffixes in words, like grateful, walking and benches.

Sight Words 5

I can...read common sight words like laugh, people and about.

Building Sentences

I can...put words together to make sentences and stories.

At Home

We can...read long words together! If I get stuck, let's look for small word parts. For some words, like basket, it helps to read one syllable at a time (bas-~~ket~~). For other words, like jumping, it helps to look for the suffix (-ing) and base word (jump).
