

## Meet Miss Williams

Reading is fun!  
I enjoy reading to my class and like getting the children involved in acting out different stories together!

Hello! I am one of the Nursery teachers here at Ravensbury!

I LOVE working in the Early Years! I love the way children are free to express their creativity using a child-orientated, holistic approach to learning!

I like to teach maths in a practical and exciting way. Using stories and songs is the best way to learn!

My favourite way of learning is when we work together and solve problems as a team!
